

CanaDAM 2017 - Preliminary Announcement

The sixth Canadian Discrete and Algorithmic Mathematics conference (CanaDAM) <https://canadam.math.ca/2017/> will be held June 12-15, 2017 at Ryerson University in Toronto, Ontario, Canada.

The general topic of the conference is the theory and application of discrete structures. Its goal is to highlight the most salient trends in the field. The conference will bring together researchers from the various disciplines with which discrete and algorithmic mathematics interact. The CanaDAM conference is held in odd numbered years using a format similar to the SIAM conference on Discrete Mathematics. Particular areas of interest include graphs and digraphs, hypergraphs, matroids, ordered sets, designs, coding theory, enumeration, combinatorics of words, discrete optimization, discrete and computational geometry, lattice point enumeration, combinatorial algorithms, computational complexity, and applications of discrete and algorithmic mathematics, including (but not limited to) web graphs, computational biology, communication networks and information processing.

Invited Speakers:

Tanya Berger-Wolf (U. Illinois at Chicago)

Peter Keevash (Oxford)

Robert Kleinberg (Cornell)

Bojan Mohar (Simon Fraser)

Shubhangi Saraf (Rutgers)

Andrew Suk (U Illinois at Chicago)

Lauren Williams (Berkeley) Julia Wolf (Bristol)

Submission deadlines (instructions for making submissions will be available once submissions are open in December):

- Contributed minisymposia proposals, including titles and abstracts for all speakers: March 1, 2017 (acceptance notification by March 8, 2017).
- Titles and abstracts of contributed talks: March 1, 2017 (acceptance notification by March 8, 2017).
- Abstracts of invited talks: February 7, 2017 (acceptance notification by February 14, 2017).
- Abstracts of invited minisymposia: February 7, 2017 (acceptance notification by February 14, 2017).

Registration deadlines:

- Early registration deadline: April 15, 2017 at 23:59 (11:59 pm) eastern daylight time.
- Full fees apply beginning April 16, 2015.
 - Early registration fee (until April 15): \$260; Students and Post-docs: \$100.
 - Regular registration fee (after April 15): \$360; Students and Post-docs: \$200.
- Online registration deadline: May 25, 2017 at 23:59 (11:59 pm) eastern daylight time.
- Student / Post-doctoral funding application deadline: March 15, 2017 (notification by April 5, 2017).

For information about accommodation, including booking deadlines, please see the *Accommodation* page on the website.

CanadAM acknowledges the generous support of our sponsors: AARMS, CRM, Fields, PIMS, and Ryerson University.
