

Department of Mathematics

The Department of Mathematics offers two undergraduate programs, Mathematics and Its Applications and Financial Mathematics. Both programs aim to integrate Mathematical knowledge with worldly applications. In these programs students will take a number of electives that allow them to tailor this education to their specific goals.

Committed to Helping You.

While having choices is good, it can lead to questions. We hope to make your stay at Ryerson as rewarding as possible. Hopefully this brochure can help you to find the answers you need.

MEDICAL CERTIFICATES

It is important to follow the correct procedure clearly stated on the Medical Certificate:

-Hand in the completed form to the Math Dept., Room 215. You have 3 days after the date of the exam. If you are feeling too ill to deliver it in person, then send an email to Kathy Peter and attach it as a PDF file. Once you feel better, hand-in the original document to Kathy. -Here is a Link to the Form
